Year 2 Sydney Observatory Excursion 15th March 2018

28th February 2018

Dear Year 2 Parents,

This term our Geography unit is “What’s the Weather?” As part of this unit of work the children will be visiting Sydney Observatory on the 15th March, where they will have the opportunity to explore temperature, cloud cover, wind speed and direction, use of devices, and observe vegetation and wildlife to determine changes in season. During their visit, students will be able to participate in a range of hands on experiment-based workshops.

Travel to Sydney Observatory will be by bus. **The children are to wear their full sport uniform including their school hat.** They are to take a packed lunch, drinks and morning tea. They are asked not to bring spending money to school on this day. Children will arrive back at school by 2:50 pm.

The cost of the excursion is covered by the excursion fee paid with the school fees – no additional money is required. Attached below is the permission note. Please return this by Friday 9th March. We will need some parent helpers to assist with the supervision of the excursion. ***To assist you must have completed both the OLOL Parents as Educators course including the Online Training – either in 2017 or 2018.***

Thank you,

Miss Grima and Miss Iordanou

Year 2 Sydney Observatory Thursday 15th March 2018

I give permission for my child in class to participate in the excursion to Sydney Observatory on Thursday 15th March 2018. I understand that my child will be travelling by bus.

- I am available to assist on the excursion **and** I have completed the necessary child protection training outlined above current for 2018.

Signed: Parent/Guardian

Parents will be notified in writing if they have been chosen to assist on the excursion.
